FINANCE DEPARTMENT (CENTRAL REVENUES)

CUSTOMS.

Delhi, the 9th November 1926.

No. 53.—In exercise of the powers conferred by section 19 of the Sea Customs Act, 1878 (VIII of 1878), the Governor-General in Council is pleased to prohibit the bringing into British India of any copy of a monthly Arabic journal entitled "El Islah" published at Kunst und Buchdruckerei, "Sarne", Berlin—Charlottenburg by Maulvi Barkatullah.

Fort St. George, November 5, 1926.
(G.O. No. 840, Public).

No. 345.—Under G.O. No. 773, Law (Education), dated 3rd May 1926, heads of departments have submitted their lists of empanelled men

Government observe that so long as heads of departments had to get the sanction of the Government for promoting unpassed men beyond the lowest rate of pay or beyond a previously sanctioned rate, applications and recommendations were comparatively rare and were made only in selected deserving cases. When heads of departments received authority to grant exemptions, however, the discretion conferred was exercised in most cases with an inadequate sense of responsibility. Men in respect of whom no head of department had thought fit to approach Government, were exempted indiscriminately. In the circumstances no great value can attach to the statements now made by heads of departments as to the competence and suitability of the men they exempted and allowed to draw rates of pay that were obviously never intended for persons of negligible educational qualifications.

2. The Government have in G.O. No. 773, Law (Education), dated 3rd May 1926, prohibited the recruitment of unpassed men for employment in Government service and withdrawn from heads of departments the power to grant exemption from Examination Rules. The withdrawal of power to grant exemption applies to temporary and acting appointments as well as to permanent appointments.

3. The individual clerks and other officers affected, however, are not to blame for what heads of departments have done. Government are pleased to direct therefore, in modification of all previous orders as follows:—

All unpassed men in the permanent service of Government on the date of this order who were exempted by heads of departments and whose cases have been put up to Government for approval under G.O. No. 773, Law (Education), dated 3rd May 1926, should whether appointed before or after 1st March 1921, the date on which the new time-scale of pay was introduced, be allowed to go up to the efficiency bar at Rs. 50 in the inferior time-scale, viz. Rs. 35—35—1½—50—1—60 in the mufussil and Rs. 40—40—1½—55—1—65 in the Madras City. This concession is extended to those clerks, who exempted by Government only to a specified limit were allowed by heads of departments, without further formal exemption, to rise to the lower time-scale of Rs 35—60/40—65 and whose cases have been included by heads of departments in their lists for Government's approval. No man not already exempted by Government themselves to reach a figure above the efficiency bar may rise beyond that bar without the previous sanction of Government: such sanction should be applied for only in most exceptional cases. If any unpassed clerks have already gone above the efficiency bar without proper sanction these cases should be reported to Government for orders.

4. Any orders so far passed on the lists of unpassed clerks submitted by heads of departments are hereby cancelled to the extent that they deviate from the directions in paragraph 3 above.

5. Lists by departments of the cases coming under paragraph 3 of this order will be compiled and communicated to the Accountant-General.

(c) Three copies of the roll shall be signed by the Registration officer, one of them shall be retained by him, one shall be sent to the President of the Committee and the third to the President of the Board for record in their respective offices.

Nomination of candidates.

15. (1) The nomination of every candidate shall be made by means of a nomination paper in form I, which shall, on application, be supplied free by the President to any elector whose name is on the electoral roll for the circle.

(2) Every nomination paper shall be subscribed by two such electors as proposer and seconder and the candidate shall subscribe a declaration on it expressing his willingness to stand for election.

(3) (*a*) The same elector may subscribe as many nomination papers as there are vacancies to be filled but no more. Each candidate shall be nominated by a separate nomination paper;

(*b*) where a person has subscribed whether as proposer or seconder a larger number of nomination papers than there are vacancies to be filled those of the papers so subscribed which have been first received up to the number of vacancies to be filled, shall be deemed to be valid; and

(*c*) the rejection of a nomination paper of any candidate on the ground of any irregularity in respect thereof shall not affect the validity of the nomination of the candidate if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed.

(4) Every nomination paper shall be presented by the candidate in person or by his proposer and seconder together on the date and during the hours appointed to the President at the office of the Committee.

(5) Nomination papers presented after the time so appointed shall not be received.

16. On the presentation of a nomination paper, the President may require the person or persons presenting the same to produce a copy of the electoral roll on which the candidate and his proposer and seconder are registered or of the necessary entries therein and shall satisfy himself that the name and number on the electoral roll of the candidate and his proposer and seconder as entered in the nomination paper are the same as those entered in the electoral roll. Where necessary he shall direct that the former be amended so as to be in accordance with the latter.

17. On the day appointed for the receipt of nomination papers and immediately after the hour for their receipt is past, the President shall publish in the Committee's office a list in form II of the nominations received by him with a notice that the nomination papers will be taken up by him for scrutiny at the office of the Committee on the day fixed in rule 14 at the hour specified by him.

Scrutiny of nomination papers.

18. (1) On the date and at the time appointed for the scrutiny of nominations, the candidates, one election agent, one proposer and one seconder of each candidate and one other person duly authorized in writing by each candidate and except for the purpose of assisting the President no other person may attend at such time and place as the President may appoint and the President shall give them all reasonable facilities for examining the nomination papers of all candidates which have been received by him as aforesaid.

(2) The President shall then examine the nomination papers and shall decide all objections which may be made at the time to any nomination and may either on such objection or on his own motion after such summary inquiry, if any, as he thinks necessary, reject any nomination on any of the following grounds:—

(i) That the candidate is ineligible for election under section 22 (1) and (2) of the Madras Hindu Religious Endowments Act, 1923

(ii) That the proposer or seconder is a person whose name is not registered on the electoral roll.

(iii) That there has been any failure on the part of the candidate or his proposer or seconder to comply with any of the provisions of rule 15.

(3) The President shall endorse on each nomination paper his decision accepting or rejecting the same and if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection. The scrutiny shall be completed on the day appointed on this behalf under rule 14 and no adjournment of the proceedings shall be allowed.

19. (*a*) On completion of the scrutiny of nominations and after expiry of the period within which candidatures may be withdrawn under rule 20 (1) (*a*) the President shall prepare a list of persons whose nominations have not been rejected and who have not withdrawn their candidature in form III and publish it on the notice board of his office not less than ten days before the date fixed for election.

(*b*) The list shall describe the candidates as in their nomination papers and exhibit their names in alphabetical order.

(*c*) Copies of the list shall forthwith be sent to be posted in the notice boards of the temples, the village chavadis and the post offices situated within the circle to which the election relates and in a conspicuous place at each polling station.

20. (1) (*a*) Any candidate may withdraw his candidature by notice in writing subscribed by him. Such notice shall be presented to the President on or before 3 o'clock in the afternoon on the day succeeding that appointed by him for the scrutiny of nominations by the candidate in person or by some other person on his behalf. If the presentation is by any person other than the candidate an affidavit of the candidate sworn to before and attested by any officer or person

authorized to attest affidavits intended for use in a civil court shall be delivered together with the notice to the President. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be renominated as a candidate for the same election.

(5) The President shall, on receiving a notice of withdrawal, as soon as may be, cause a notice of the withdrawal to be published in the manner prescribed in rule 19 (c).

(2) The President shall remove from the ballot papers the name of any candidate who dies at any time before the poll is taken.

21. (1) If the number of candidates who have been validly nominated and have not withdrawn their candidatures is equal to the number of vacancies, the President shall declare all such candidates to be duly elected.

(2) If the number of such candidates is less than the number of vacancies, the President shall declare all such candidates to be duly elected and he shall start election proceedings afresh for filling up the remaining vacancy or vacancies and repeat the procedure prescribed in rules 14 to 20.

22. (1) If, owing to there being more candidates than there are vacancies, a poll has to be taken, the President shall appoint forthwith one or more polling officers for each polling station and may pay them reasonable remuneration for their services. The President may also, if necessary, appoint one or more identifying officers to assist the polling officer in identifying the voters. Polling officers shall neither be members for the circle for which the poll is to be taken nor registered voters therein.

(2) If, after the taking of a poll has become necessary under sub-rule (1), the number of validly nominated candidates becomes, owing to the death of a candidate or candidates before the poll is taken, equal to, or less than, the number of vacancies, the President shall countermand the poll and election proceedings shall be started afresh and the procedure prescribed in rules 14 to 20 repeated.

Provided that no fresh nomination shall be necessary in the case of a candidate who stood nominated at the time of the countermanding of the poll.

Voting.

23. (1) The polling officer shall keep order at the station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all persons except his own clerks, the candidates or the agents whom the candidates may have appointed in writing to appear in their stead at the polling station, the police on duty and such persons as may be admitted for the purpose of identifying the electors.

(2) The letter of a candidate appointing an agent to represent him at the polling station shall be sent so as to reach the polling officer before the voting commences.

24. The ballot box shall be so constructed that the ballot papers can be introduced therein but cannot be withdrawn therefrom without the box being unlocked. Just before the commencement of the poll the polling officer shall show the ballot box empty to such persons as may be present at the polling station and shall then lock it up and place a seal upon it in such manner as to prevent its being opened without breaking such seal and place it in his view for the receipt of ballot papers and shall keep it so locked and sealed. The key of the ballot box shall also be placed under seal.

25. The President shall provide for each polling officer such number of clerks as he may consider desirable and shall supply him with a copy of the electoral roll, a list of the nominations, ballot papers and boxes and such other papers, stationery and forms as may be necessary.

26. Every ballot paper shall be in form V and shall have the names of the candidates printed on it in alphabetical order. If there are two candidates of the same name, they shall be distinguished by the addition of their occupation or in some other suitable way.

Ballot papers shall be printed in the chief vernacular of the district and shall be serially numbered, the number being printed on the face of the counterfoil and on the back of the counterfoil.

27. Immediately before a ballot paper—that is, the counterfoil of form V—is handed over to the voter, the polling officer shall

(i) initial it on the back;

(ii) enter the voter's name and number in the electoral roll on the corresponding counterfoil of form V; and

(iii) affix his initials against the voter's name in the electoral roll.

The polling officer shall then tell the voter how many votes may be given and shall give him the ballot paper.

28. The voter on receiving the ballot paper shall forthwith proceed to the place set apart for the purpose and there mark a cross against the name of the candidate or candidates for whom he intends to vote. He shall then fold up the ballot paper so as to conceal his vote and after showing to the polling officer his (polling officer's) initials thereon put it into the ballot box.

29. (1) If the voter is unable to read the ballot paper or to make a cross thereon, and applies for assistance in doing so, the polling officer shall read it for him and if so required, mark it in his own table and in the presence of the candidates or their polling agents, if any, the ballot paper according to the directions of the voter and give it to him to put in the ballot box.

The candidates and their agents shall have a right to hear the elector's request and to watch the polling officer when he marks the ballot paper.

(2) In the case of every voter whose ballot paper is marked in this manner by the polling officer, a note shall be made on the corresponding counterfoil of form V by the polling officer of the reason why it was so marked.

(3) The marking of a ballot paper by the polling officer under sub-rule (1) shall not be questioned subsequently on the ground that it was not in accordance with the voter's directions.

30. Special facilities in accordance with regulations framed by the Board in that behalf shall be accorded to women voters who observe the gosha system.

31. (1) Any ballot paper which is not duly marked or on which votes are given to more candidates than there are members to be elected or on which any mark is made by which the voters may afterwards be identified, shall be invalid.

(2) If more than one cross is placed against any candidate's name, they shall count only as one vote in his favour, provided that the voter has not placed crosses against more candidates than there are members to be elected.

(3) If the cross or any one of the crosses is so placed as to render it doubtful for which candidate such mark is intended to apply, the vote concerned, but not the whole ballot paper in the cases where more than one vote can be given on the same ballot paper, shall be invalid provided again that the voter has not placed crosses against more candidates than there are members to be elected.

32. When a person presents himself to vote and at any time before a ballot paper is supplied to him the polling officer may of his own accord and shall, if so required by a candidate or his agent, put to such person any or all of the following questions —

(i) are you the person enrolled as follows (reading the whole entry from the roll),

(ii) have you already voted at the present election in this polling station or in any other polling station,

and the person shall not be supplied with a ballot paper unless, if questioned, he answers the first question in the affirmative and the second in the negative. Except as mentioned herein, every person whose name is found on the electoral roll shall be entitled to be supplied with a ballot paper.

33 If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the polling officer may ask, be entitled to mark the ballot paper in the same manner as any other voter. The ballot paper (called in these rules a tendered ballot paper) shall, instead of being put into the ballot box, be given to the polling officer, and endorsed by him with the name of the voter and his number on the electoral roll and set aside in a separate parcel and is not to be counted by the President.

The name of the voter and his number in the electoral roll and the name or distinctive number of the polling station to which the roll relates shall be entered in a list in form No. IV which shall bear the heading '*Tendered Votes List*'. The person tendering such ballot paper shall sign his name and address on that list or affix his thumb impression thereto.

34. If any candidate or polling agent declares and undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the polling officer may require such person to enter in the list of challenged votes, which shall be in form No. IV-A, his name and address and if he is unable to write to affix his thumb impression thereto and may further require such person to produce evidence of identification. If such person on being questioned in the manner prescribed in rule 32 answers the first question in the affirmative and the second in the negative, he shall be allowed to vote after he has been informed of the penalty for personation. The polling officer shall make a note of the circumstances and of his decision in the list of challenged votes.

35. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot be conveniently used as a ballot paper may, on delivering it to the polling officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt one, the latter one, together with its counterfoil being marked as cancelled.

36. Immediately after the close of the poll, the polling officer shall, in the presence of the candidates or their agents, make up into separate packets and seal with his own seal and the seal of such candidates or their agents as may desire to affix their seal—

(1) each ballot box in use at his station unopened;

(2) the keys of such boxes;

(3) the unused and spoilt ballot papers, both ordinary and tendered with their counterfoils;

(4) the tendered ballot papers;

(5) the marked copies of the electoral roll and the counterfoils of ballot papers;

(6) tendered votes list; and

(7) the list of challenged votes.

37. The packets shall be forwarded at once by the polling officer to the President accompanied by a statement in form VI. Each packet shall be numbered and shall bear a note as to its contents.

38. On the day and at the hour appointed for the counting of votes, and in the presence of such candidates or their agents as may be in attendance, the President shall proceed as follows:—

(a) The ballot box or boxes relating to each polling station shall be opened one after another; the President shall take out the papers therefrom, count them or cause them to be counted and record the number thereof in a statement in form VII.

(b) The President shall then mix together the whole of the ballot papers of all the ballot boxes. The examination and counting of the votes shall then commence. The President shall, on every ballot paper which is wholly or partially rejected, endorse the word 'rejected'. If any candidate or agent present questions the correctness of his rejection order, he shall also record on the ballot paper the grounds of rejection briefly.

(c) The President shall, so far as practicable, proceed continuously with the counting of the votes; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates or their agents as may desire to affix them; and adequate precautions shall be taken for their custody.

39 (a) After the President has completed the scrutiny and counting he shall prepare a return of the results of the polling in form VIII, and, after verifying the totals of the votes with the figures in forms VI and VII shall, subject to the provisions of rule 44, declare the election of the candidate or candidates to whom most valid votes have been given.

(b) Any candidate or his agent shall, on application, be permitted to take a copy or an extract from the return in form No. VIII.

40. The President shall not open the sealed packets containing the tendered ballot papers or the marked copies of the electoral roll or the counterfoils of the ballot papers.

41. Upon the completion of the counting and the declaration of the results, the President shall seal up in separate packets

(1) the ballot papers, all or some of the votes on which have been counted, and

(2) the ballot papers, all the votes on which have been rejected,

and shall mark on each packet the number of papers it contains. A note shall be made giving a description of the contents of each packet and the election to which it relates.

Disposal of ballot papers.

42. (1) The President shall, after declaring the result, forward a copy of the return to the President of the Board as also the packets of ballot papers, whether counted, rejected or tendered, and of the counterfoils thereof. These packets shall not be opened and their contents shall not be inspected or produced except under the orders of an Election Commissioner.

(2) The President of the Board shall retain the packets for a year and shall then, unless otherwise directed by the orders of an Election Commissioner, cause them to be destroyed.

General.

43. (1) If any person has been elected for more circles than one, he shall intimate to the President so as to reach him within 24 hours from the hour of the publication of the name of the candidate elected at the last of the elections at which he stood as a candidate, the circle for which he chooses to serve.

(2) On receipt of the intimation, the President shall declare the said person to have been elected for the circle chosen by him. In default of such intimation, the President shall declare him to have been elected for one of the circles. Thereupon the voters of the other circle or circles for which such person has been elected shall proceed to elect a member in the manner hereinbefore provided.

44. If there is an equality of votes between any two or more candidates, the President shall, after notice to such candidates, decide by drawing lots which of them he shall declare to have been elected.

45. The name of the candidate or candidates duly elected shall be published under section 22 in the *Fort St. George Gazette*.

46. A candidate who has been duly elected may submit his withdrawal in writing to the President at any time before his election is published. In such cases the President shall declare the candidate who has obtained the next highest number of votes to have been elected. In doing so, the provisions of rules 43 to 45 shall be observed. No candidate who has submitted his withdrawal may subsequently cancel it.

47. (1) If any question arises as to the interpretation of these rules otherwise than in connexion with an election inquiry held under the rules for the decision of disputes as to the validity of an election, the question shall be referred to the Board whose decision shall be final.

Pending the decision of the Board on any such reference made to them or the issue of final orders on an inquiry which the Board may institute upon receipt of information that an election is being or is about to be held in contravention of the rules, it shall be lawful for the Board to direct the stay of the election proceedings at any stage thereof prior to the declaration of the result. Any election held or continued in contravention of the orders of the Board under this rule shall be void and of no effect whatsoever.

(2) Unless it is otherwise ordered by the Board election proceedings stayed under this rule shall, on cancellation of the stay order, proceed from the stage at which they were stayed on fresh dates to be fixed.

48. If there is no President or where the President is himself a candidate for election in a particular circle his functions under these rules shall be discharged by the Vice-President in the second case for the purpose of the election in the circle or circles of which he is a candidate; if there is no Vice-President or where the Vice-President is also a candidate in a particular circle or circles the Committee shall appoint a member—who does not propose to stand as a candidate at the election in question—to discharge the functions of the President in the second case for the purposes of the election in the circle or circles of which he is a candidate under these rules.

49. If, in the opinion of the President of the Board, there is no President, Vice-President or member appointed under rule 48 to exercise in respect of any election the functions of the President under these rules or such President, Vice-President or member wilfully defaults in the discharge of those functions or is for any other reason not available for discharging those functions, the President of the Board may direct any person to perform the functions of the President under these rules.

50. All expenses connected with elections under these rules shall be borne from the funds of the Committee concerned.

(iv) RULES FOR THE CONDUCT OF INQUIRIES AND THE DECISION OF DISPUTES RELATING TO ELECTIONS TO COMMITTEES [SECTION 67 (2) (d)].

51. No election held under the Madras Hindu Religious Endowments Act, 1923, whether of a President, Vice-President or member of a Committee, shall be called in question except by an election petition presented in accordance with these rules, to the President of the Board, by any candidate or elector against the candidate (hereinafter called the returned candidate) who has been declared by the President of a Committee or other person conducting the election to have been duly elected.

An election petition shall be deemed to have been presented to the President of the Board when it is delivered to him—

(a) by the person making the petition; or

(b) by a person authorized in writing in this behalf by the person making the petition; or

(c) by registered post.

52. The petition shall be presented within fourteen days of the date of the declaration of the result of the election and shall contain a statement, in concise form, of the material facts on which the petitioner relies and the particulars of any corrupt practice which he alleges, and shall, where necessary, be divided into paragraphs numbered consecutively. It shall be signed by the petitioner and verified in the manner prescribed for the verification of pleadings in the Code of Civil Procedure, 1908.

53 The petitioner may, if he so desires, in addition to calling in question the election of the returned candidate, claim a declaration that he himself or any other candidate has been duly elected; in such case he shall join as respondents to his petition all other candidates who were nominated for the election but had not withdrawn before the polling.

54. (1) At the time of presentation of the petition the petitioner shall deposit with it, as security for the costs of the same, a sum of one hundred rupees in cash.

(2) If the provisions of sub-rule (1) are not complied with, the President shall dismiss the petition.

(3) Upon compliance with the provisions of sub-rule (1) the President of the Board shall either inquire into the petition himself or depute one of the Commissioners to hold the inquiry.

55 The enquiring Commissioner hereinafter called the Election Commissioner shall, as soon as may be, cause a copy of the petition to be served on each respondent and on the President of the Committee. Copies shall also be affixed to the notice board of his office and of the Committee's office. He may also call on the petitioner to execute a bond in such amount and with such sureties as he may require for the payment of any further costs. At any time within fourteen days after such publication, any other candidate shall be entitled to be joined as a respondent on furnishing similarly such security as may be demanded by the Election Commissioner.

56. Every election petition shall be inquired into by the Election Commissioner, in the electoral area of the committee concerned as nearly as may be, in accordance with the procedure applicable under the Code of Civil Procedure, 1908, to the trial of suits in non-appealable cases.

57. (1) No election petition shall be withdrawn without the leave of the Election Commissioner.

(2) If there are more petitioners than one, no application to withdraw a petition shall be made except with the consent of all the petitioners.

(3) When an application for withdrawal is made, notice thereof fixing a date for the hearing of the application shall be given to all other parties to the petition and shall be published as specified in rule 55.

(4) No application for withdrawal shall be granted if the Election Commissioner is of opinion that such application has been induced by any bargain or consideration which he considers ought not to be allowed.

(5) If the application is granted—

(a) the petitioner shall be ordered to pay the costs of the respondent theretofore incurred or such portion thereof as the Election Commissioner may think fit; and

(b) such withdrawal shall be communicated to the President of the Committee by the Election Commissioner.

58 An election petition shall abate on the death of a sole petitioner or of the survivor of several petitioners, and such abatement shall be communicated to the President of the Committee by the Election Commissioner.

59. Where at an inquiry into an election petition any candidate, other than the returned candidate, claims the seat for himself, the returned candidate, or any other party to the proceeding may give evidence to prove that the election of such candidate would have been void if he had been the returned candidate and a petition had been presented complaining of his election.

60. At an inquiry into an election petition the Committee may appoint a legal practitioner or other person to attend and take such part therein as the Election Commissioner may allow.

61 If the Election Commissioner is satisfied that:

(a) the returned candidate, his agent or any other person with the connivance of such candidate or agent, has committed, or abetted the commission of, any one of the offences described in Chapter IX-A of the Indian Penal Code, or

(b) the election of the returned candidate has been procured or induced, or the result of the election has been materially affected, by any of the following corrupt practices :—

(i) any election offence falling under Chapter IX-A of the Indian Penal Code when committed by a person who is not a candidate or his agent; or a person acting with the connivance of a candidate or his agent;

(ii) any payment or promise of payment to any person whomsoever on account of the conveyance of any elector to or from any place for the purpose of recording his vote;

(iii) the hiring, employment, borrowing or using for the purposes of the election of any boat, vehicle or animal usually kept for letting on hire or for the conveyance of passengers by hire;

Provided that any elector may hire any boat, vehicle or animal or use any boat, vehicle or animal which is his own property to convey himself to or from the place where the vote is recorded;

(iv) the hiring, using or letting, as a committee-room or for the purpose of any meeting to which electors are admitted, of any building, room or other place where intoxicating liquor is sold to the public; or

(c) the result of the election has been materially affected by any irregularity in respect of a nomination paper, or by the improper reception or refusal of a vote, or by any non-compliance with the provisions of the Act or the rules made thereunder,

the election of the returned candidate shall be void.

62. (1) At the conclusion of the inquiry the Election Commissioner shall declare by order in writing whether the election of the returned candidate is void under rule 61.

(2) If he declares the election of the returned candidate void, he shall further pass an order in writing either

(a) declaring that any other party to the petition who has under these rules claimed the seat has been duly elected; or

(b) ordering a fresh election.

(3) The Election Commissioner's order under sub-rules (1) and (2) shall be final.

63 When an election is declared void under rule 62 (1) and a fresh election is ordered under rule 62 (2) (b), the seat of the returned candidate shall be deemed to be vacant from the date of the Election Commissioner's order and the President of the Committee shall forthwith take the necessary steps for holding such fresh election.

3. Attention is drawn to the following rules :—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it, a sowbole covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room,

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement for the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room, and the circumstance reported to the Commissioner.

(5) Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examination or is suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results*, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

(6) *No candidate will, on any account, be allowed to take into the examination room slates, books, manuscripts or papers of any kind.* [The use of books will, however, be allowed in answering the papers in the Account, Civil Judicial, Criminal Judicial, Revenue and Jail Tests and the Account Test for Agricultural Officers.] Any one detected in the violation of this rule, or having recourse to any unfair practices, will be removed from the room, and the occurrence reported to the Commissioner.

(7) No candidate will be allowed to give books to or take books from another candidate during the hours of examination.

(8) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents, giving full particulars in regard to themselves and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(9) Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

(10) Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instructions on this point in the examination hall from the Chief Superintendents of the examination.

(11) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer-papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(12) Any papers sent up without the candidate's name and number affixed will not be valued.

(13) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(14) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All spoilt copies, etc., should be left on the desk where the candidate has been writing.

NOTICE TO MADRAS CANDIDATES.

IV. Candidates who have applied to be examined at Madras are informed that they will have to sit for their examination at places—*vide* paragraph II *supra*.

No hall tickets will be issued (except in the case of Typewriting—Lower), but a copy of the nominal list will be posted on the notice board at the entrance to the several places of examination (*vide* paragraph II *supra*) on the 24th November, and candidates are expected to learn their register numbers from this list.

NOTICE REGARDING THE EXAMINATION IN TYPEWRITING.

Both at Madras and in the Mufussal.

V. Candidates coming up in Typewriting must bring with them their own typewriter—the Remington, New Model Remington No. 12, Remington Portable, Yost New Century, Smith Premier, Densmore, Empire, Underwood, Oliver, Armstrong, Standard Folding, Stearns Visible, Sun Typewriter, Salter, Fox Visible, Victor Typewriter Model Nos. 3 and 10, Monarch, Woodstock Standard Visible-Noiseless, L.C. Smith & Bros., Underwood Portable, Royal Standard No 10, Mills, Mercedes, Rex Visible, Demountable, Elite, Imperial or British Empire Typewriter. The candidates will be examined *in batches*, but at least every four candidates for the *Lower* grade, and at least every two candidates for the Higher grade must have one machine among them.

In the Mufussal.—Heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned *two* days before the examination and furnish him with all necessary information as to the number of candidates and machines and the time at which each batch should attend on the day fixed for the examination.

At Madras.—Heads of institutions and private candidates should make similar arrangements with

the Secretary to the Commissioner for Government Examinations on the 2nd December between 11 a.m. and 5 p.m at the Old College, Nungambakam.

At Madras.—In the case of candidates for the Lower grade, tickets of admission specifying the particular batch (first or second and so forth) in which they elect to appear will be issued on that day. These tickets should be shown at the entrance. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only, if spare seats are available, in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions and private candidates are particularly requested to call at the office on the 2nd December and obtain tickets. No tickets can on any account be sent by post whether to heads of institutions or to private candidates.

Candidates for the Higher grade may appear for the first or second batch at their option and no tickets accordingly are issued for this grade.

At Madras.—Managers and instructors of institutions and other persons who wish to be allowed into the examination hall to inspect the machines and remedy any defects should call at the office on the 2nd December and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Candidates that have each a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower, and with the second batch for the Higher, examinations.

Managers and instructors of institutions concerned will be allowed into the examination rooms *in the intervals between the examinations of the various batches* to inspect the machines and to remedy any defects but not between the first and second papers.

If a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the manager or instructor, if he is waiting outside on the premises, and will permit such manager or instructor to enter the hall or room (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the manager or instructor.

A similar concession will be allowed in the case of a private candidate, if he has some one outside who is willing to inspect the machine and put it right, etc.

No extra time will be given to candidates to compensate for loss of time while the machine is out of order and being put right.

Attention is drawn to the following rules:—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room and the circumstance reported to the Commissioner.

(5) Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examination or is suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results*, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

(6) *No candidate will, on any account, be allowed to take into the examination room ink, slates, books, ruled sheets, manuscripts or papers of any kind.* Any one detected in the violation of this rule or having recourse to any unfair practices will be removed from the room, and the occurrence reported to the Commissioner. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

(7) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents giving full particulars in regard to themselves, including their address, and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answer-papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(8) Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

(9) Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examination.

(10) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(11) Any answer-papers, sent up without the candidate's name and number affixed, will not be valued. The answer papers should be stitched or pinned together at the upper left-hand corner, and the whole folded in *two*, lengthwise (not crosswise into four). The place of examination and the name and number should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

(12) Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination room.

(13) Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All spoilt copies, etc., should be left on the desk where the candidate has been writing.

The Senate

Fifteen members elected by registered graduates from among themselves according to the principle of proportional representation by means of the single transferable vote.

1. When any vacancy occurs among the members of the Senate elected by registered graduates from among themselves, the Registrar, under the direction of the Vice-Chancellor, shall cause a notification of the fact to be published in the Gazette.

2. Those graduates only whose names are on the register at the date of the notice published in accordance with statute 1 above, shall be eligible for election and entitled to vote. Each registered graduate shall be at liberty to nominate a qualified person to fill the vacancy. Every nomination shall be made by an elector in writing and shall be seconded by the another elector. Every such nomination shall be accompanied by the consent in writing of the nominee agreeing to serve on the Senate if elected, and must reach the Registrar not later than ten days after the publication of the notice in the Gazette.

3. The nomination papers thus received shall be scrutinized on the next working day by the Vice-Chancellor or by the Registrar if deputed by the Vice Chancellor for the purpose. Every candidate or his agent will be entitled to be present at such scrutiny, and the Vice-Chancellor or the person scrutinizing shall give them all reasonable facilities for examining the nomination papers.

The Vice-Chancellor or the person deputed by him to scrutinize shall examine the nomination papers and shall decide all objections which may be made to any nomination paper on the ground that it is not valid and may reject either of his own motion or on such objection any nomination paper. The decision of the Vice-Chancellor or the person deputed by him to scrutinize shall in every case be endorsed by him on the nomination paper in respect of which such decision is given.

4. If the number of nominees does not exceed the number of vacancies to be filled, the Vice-Chancellor shall declare such nominees to be elected.

5. If the number of nominees exceeds the number of vacancies to be filled, the Registrar shall announce by notification in the Gazette the day appointed by the Vice-Chancellor for the election, the hours between which votes may be recorded, the day and hour when the scrutiny and counting of votes will begin, the number of vacancies and the name of the persons nominated. The date of the notification shall be not less than fourteen days previous to the date so appointed.

6 Not less than fourteen days before the date fixed for the poll, the Registrar shall issue through the post a declaration paper and a voting paper to each elector to the address entered against his name in the list of registered graduates, unless the elector has, since the publication of the list, changed his address and intimated the fact in writing to the Registrar.

7 The declaration shall be in Form I, and the voting paper in Form II. The declaration paper shall bear on it a serial number corresponding to the number which a voter bears on the electoral roll. To each voter shall be issued the declaration paper and the voting paper.

8. Before the declaration papers and voting papers are issued, the Registrar shall

(*a*) have the name of each elector entered on a declaration paper and

(*b*) satisfy himself that a declaration paper and voting paper are being issued to each elector.

9. With the declaration paper and the voting paper the Registrar shall send a cover addressed to himself in Form III, bearing on its face the serial number of the voter and an envelope marked 'Voting paper,' and a letter in Form IV.

10. Each elector upon receipt of the papers shall, if he desires to vote in the election, sign the declaration in the declaration paper and record his vote on the voting paper.

11. (1) Every elector shall have one transferable vote

(2) An elector in giving his vote

(*a*) must place on his voting paper the figure 1 opposite the name of the candidate for whom he votes;

(*b*) may, in addition, place on his voting paper the figure 2 or the figures 2 and 3 and so on opposite the names of other candidates in the order of his preference.

12. The elector shall then enclose the voting paper in the envelope and stick it up and enclose the envelope and the declaration paper in the cover, and send the cover by registered post to the Registrar so as to reach him not later than the day and the latest hour fixed for the poll. Covers received after such day and hour and covers not sent by registered post shall be rejected. No cover may contain more than one declaration paper and one voting paper

Provided that, at his option the elector may, either in person or by an agent, deposit the cover in a ballot box at the office of the University on the day and during the hours fixed for the poll.

13 (1) If an elector is incapacitated from blindness or other physical cause from voting in the manner prescribed above, it shall be competent for him to record his vote by the hand of any of the officers or other persons empowered to attest his declaration; and such officer or other person shall, on the declaration paper, certify the incapacity and attest the fact of his having been requested by the elector to mark the voting paper for him and of its having been so marked by him in the presence of the elector.

(2) The following officers or other persons are empowered to attest votes of incapacitated electors:—

Magistrates (under the Code of Criminal Procedure);

Judges of and above the rank of District Munsifs;

District Registrars;

Sub-Registrars;

District Educational Officers;

Deputy Inspectors of Schools;

Principals of Affiliated Colleges;

Headmasters of recognized Secondary Schools; and

Members of the Senate, or of the Academic Council.

14. An elector, who has not received his ballot and other connected papers sent by post or whose papers, before their despatch back to the Registrar, have been inadvertently spoilt in such manner that they cannot be conveniently used or who has lost his papers may, on his transmitting to the Registrar a declaration to that effect signed by himself, require the Registrar to send him new papers in place of those not received, spoilt or lost; and, if the papers have been spoilt, the spoilt papers shall be returned to the Registrar who shall cancel them on receipt. In every case when new papers are issued, a mark shall be placed against the number of the elector's name in the register to denote that new papers have been issued in place of those not received, spoilt or lost.

15 (a) No person shall be present at the scrutiny and counting of votes except the Vice-Chancellor, such persons as he may appoint to assist him, the candidates and not more than one representative of each candidate appointed in writing by him.

(b) It shall be competent for the Vice-Chancellor to delegate any of the functions assigned to him hereunder to the Registrar.

16 On the day and at the hour appointed for the scrutiny and counting of votes the covers received from the voters by the Registrar, except those rejected under Statute 12 above, shall first be arranged serially according to the numbers entered on them and counted and shall then be opened by the Vice-Chancellor or in his presence and the declaration papers and envelopes taken out therefrom. If the inner envelope is not accompanied by a declaration paper it shall not be opened but shall be endorsed "rejected" and placed in a separate bundle. The Vice-Chancellor shall then examine or cause to be examined whether the declaration papers are the one sent out by the Registrar and whether the declarations and attestations, if any, are *prima facie* regular. If the Vice-Chancellor is satisfied on these points he shall file the declaration papers and place the envelopes in a separate heap. If, in any case, the Vice-Chancellor is not satisfied that the declaration paper is the one sent by him or if he considers that the declaration or attestation is not in order, he shall endorse the word "rejected" on the back of the declaration paper and place it with the connected envelope in a separate bundle.

17 The envelopes other than those rejected shall then be opened and the voting papers taken out and mixed together by the Vice-Chancellor or in his presence.

18 The Vice-Chancellor shall then proceed to count the votes rejecting as invalid all papers on which

(1) the figure 1 is not marked;

(2) the figure 1 is set opposite the name of more than one candidate;

(3) the figure 1 and some other figure is set opposite the name of the same candidate;

(4) the figure 1 is so placed to make it uncertain for which candidate it is intended;

(5) there is any mark by which the voter may be identified, e.g., initials or writing of any kind.

On every paper so rejected, the Vice-Chancellor shall endorse the word "invalid" and such papers shall be kept in a separate bundle

19. The Vice-Chancellor shall arrange the voting papers (other than invalid papers) in parcels according to the first preferences recorded for each candidate. He shall then count the number of papers in each parcel and credit each candidate with one vote in respect of each paper on which a first preference has been recorded for him. The Vice-Chancellor shall also ascertain the total number of valid papers.

20 The Vice-Chancellor shall then divide the total number of valid papers by a number exceeding by one the number of vacancies to be filled and the result increased by one, disregarding any fractional remainder, shall be the number of votes sufficient to secure the return of a candidate (hereinafter called the "quota").

21. If at any time the number of votes credited to a candidate is equal to or greater than the quota, that candidate shall be elected

22. (1) If the number of votes credited to an elected candidate is greater than the quota, the surplus shall be transferred in accordance with the provisions of this statute to the continuing candidates indicated on the voting papers in the parcel of the elected candidate as being next in order of the voters' preferences.

(2) (a) If the votes credited to an elected candidate consist of original votes only, the Vice-Chancellor shall examine all the papers in the parcel of the elected candidate whose surplus is to be transferred and shall arrange the transferable papers in sub-parcels according to the next preferences recorded thereon.

(b) If the votes credited to an elected candidate consist of original and transferred votes or of transferred votes only, the Vice-Chancellor shall examine the papers contained in the sub-parcel last received by the elected candidate and shall arrange the transferable papers therein in further sub parcels according to the next preferences recorded thereon.

(c) In either case the Vice-Chancellor shall make a separate sub-parcel of the non-transferable papers and shall ascertain the number of papers in each sub-parcel of transferable papers and in the sub-parcel of non-transferable papers.

(3) If the total number of papers in the sub-parcels of transferable papers is equal to or less than the surplus, the Vice-Chancellor shall transfer each sub-parcel of transferable papers to the continuing candidate indicated thereon as the voters' next preference.

(4) (a) If the total number of transferable papers is greater than the surplus, the Vice-Chancellor shall transfer from each sub-parcel the number of papers which bears the same proportion to the number of papers in the sub-parcel as the surplus bears to the total number of transferable papers.

(b) The number of papers to be transferred from each sub-parcel shall be ascertained by multiplying the number of papers in the sub-parcel by the surplus and dividing the result by the total number of transferable papers. Note shall be made of the fractional parts, if any, of each number so ascertained.

(c) If, owing to the existence of such fractional parts, the number of papers to be transferred is less than the surplus so many of these fractional parts taken in the order of their magnitude, beginning with the largest, as are necessary to make the total number of papers to be transferred equal to the surplus, shall be reckoned as of the value of unity, and the remaining fractional parts shall be ignored. If two or more fractional parts are of equal magnitude, that fractional part shall be deemed to be the larger which arises from the larger sub-parcel and if the sub-parcels in question are equal in size, preference shall be given to the candidate who obtained the larger number of original votes.

(d) The particular papers to be transferred from each sub-parcel shall be those last filed in the sub-parcel.

(e) Each paper transferred shall be marked in such a manner as to indicate the candidate for and to whom the transfer is made.

(5) (a) If more than one candidate has a surplus, the largest surplus shall be first dealt with.

(b) If two or more candidates have each the same surplus, regard shall be had to the number of original votes obtained by each candidate, and the surplus of the candidate credited with the largest number of original votes shall be first dealt with and, if the numbers of the original votes are equal, the Vice-Chancellor shall decide which surplus he will first deal with.

(c) The Vice-Chancellor need not transfer the surplus of an elected candidate when that surplus together with any other surplus not transferred is less than the difference between the total of the votes credited to the two continuing candidates lowest on the roll.

23. (1) If at any time no candidate has a surplus (or when under the preceding statute any existing surplus need not be transferred) and one or more vacancies remain unfilled, the Vice-Chancellor shall exclude from the poll the candidate credited with lowest number of votes and shall examine all the papers of that candidate, and shall arrange the transferable papers in sub-parcels according to the next preferences recorded thereon for continuing candidates, and shall transfer each sub-parcel to the candidate for whom that preference is recorded.

The Vice-Chancellor shall make a separate sub-parcel of the non-transferable papers.

(2) If the total of the votes of the two or more candidates lowest on the poll, together with any surplus votes not transferred, is less than the votes credited to the next highest candidate, the Vice-Chancellor may in one operation exclude those candidates from the poll and transfer their votes in accordance with the preceding statute.

(3) If, when a candidate has to be excluded under this statute, two or more candidates have each the same number of votes and are lowest on the poll, regard shall be had to the number of original votes credited to each of those candidates, and the candidate with fewest original votes shall be excluded and, where the numbers of the original votes are equal, regard shall be had to the total number of votes credited to those candidates at the first transfer at which they had an unequal number of votes, and the candidate with the lowest number of votes at that transfer shall be excluded, and, where the numbers of votes credited to these candidates were equal at all transfers, the Vice Chancellor shall decide by casting lots which shall be excluded.

24 (1) Whenever any transfer is made under any of the preceding statutes, each sub-parcel of papers transferred shall be added to the parcel, if any, of papers of the candidate to whom the transfer is made, and that candidate shall be credited with one vote in respect of each paper transferred. Such papers as are not transferred shall be set aside as finally dealt with and the votes given thereon shall thenceforth not be taken into account.

(2) If after any transfer a candidate has a surplus, that surplus shall be dealt with in accordance with and subject to the provisions contained in statute 22 before any other candidate is excluded.

25 (1) When the number of continuing candidates is reduced to the number of vacancies remaining unfilled the continuing candidates shall be elected.

(2) When only one vacancy remains unfilled, and the votes of some one continuing candidate exceed the total of all the votes of the other continuing candidates together with any surplus not transferred, that candidate shall be elected.

(3) When the last vacancies can be filled under this statute, no further transfer of votes need be made.

26 The Vice-Chancellor shall then declare the names of the candidates who have been duly elected.

27. Any candidate or his agent may at any time during the counting of votes, either before the commencement or after the completion of any transfer of votes (whether surplus or otherwise), request the Vice-Chancellor to re-examine and recount the papers of all or any candidates (not being papers set aside as any previous transfer as finally dealt with) and the Vice-Chancellor shall forthwith re-examine and recount the same accordingly. The Vice-Chancellor may also at his discretion recount votes either once or more often in any case in which he is not satisfied as to the accuracy of any previous count, provided that nothing herein shall make it obligatory on the Vice-Chancellor to recount the same votes more than once.

28. In the above statutes—

(1) "Continuing candidate" means any candidate not elected and not excluded from the poll;

(2) "first preference" means the figure "1", "second preference" means the figure "2" and "third preference" means the figure "3", set opposite the name of any candidate, and so on;

(3) "transferable paper" means a voting paper on which a second or subsequent preference is recorded for a continuing candidate;

(4) "non transferable paper" means a voting paper on which no second or subsequent preference is recorded for a continuing candidate:

Provided that a paper shall be deemed to be a non-transferable paper in any case in which

(a) the names of two or more candidates (whether continuing or not) are marked with the same figure and are next in order of preference; or

(b) the name of the candidate next in order of preference (whether continuing or not) is marked;

(i) by a figure not following consecutively after some other figure on the voting paper; or

(ii) by two or more figures;

(5) "original vote" in regard to any candidate means a vote derived from a voting paper on which a first preference is recorded for that candidate;

(6) "transferred vote" in regard to any candidate means a vote derived from a voting paper on which a second or subsequent preference is recorded for that candidate;

(7) "surplus" means the number of votes by which the total number of the votes, original and transferred, credited to any candidate exceeds the quota.

29. The Vice-Chancellor shall prepare a form showing

(1) the number of electors who voted,

(2) the number of voting papers rejected,

(a) as being received too late,

(b) for being sent by ordinary post or in other than the prescribed ways,

(c) for irregularities connected with the declaration,

(d) as invalid.

Tenders will be accepted according to groups and rates should be quoted for all articles comprised in the group. All supplies must be up to the samples accepted by, or approved by, the Superintendent.

2. Successful tenderers will be required to enter into stamped agreement with the jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition to that, they should before signing such agreement deposit security of 10 per cent of the total value of the supplies undertaken. Failing compliance within the time specified the earnest money may be confiscated and in the event of withdrawal they will also be liable to pay any difference between accepted and those ultimately obtained by the jail. 3. The Superintendent reserves to himself the right to accept or reject any tender without assigning any reason.

4. Contracts should not be sublet.

5. Any rates accepted and contracts entered will be subject to the confirmation by the Inspector-General of Prisons, whose decision also shall be final in all questions of infringement of contract.

Questions in connexion with any supposed short payment may be referred to the Superintendent separately but are not to be made an excuse for delay or refusal to sign.

In addition to any difference in prices that may be recovered from contractors on account of purchase rendered necessary elsewhere by failure, neglect, or refusal on their part to supply according to the terms of their agreement, a fine not exceeding Rs 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons he may also annul it, recovering all losses sustainable by the jail in consequence of the annulment from the security deposited by the contractors or other money due to them, and in the event of any residue by legal measures if so advised.

11. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the Jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken (with the approval of the Inspector-General of Prisons, the total amount may be reduced in the case of approved contractors). Failing compliance within the time specified, the earnest money may be confiscated and, in the event of withdrawal, they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the Jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contracts should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus so much as may be needed to last for a whole month thereafter, provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the Jail except on a requisition signed by the Superintendent or some responsible persons authorised by him in writing to do so "by order".

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the Jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the Jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees, to which end annas forming part of the sum due on each bill will be disregarded unless they constitute a fraction equivalent to half a rupee or more, when they will be treated as a whole rupee for the purpose of the account.

9. During the prevalence of plague in the vicinity of the Jail or in that of the areas from which supplies are drawn, the articles will be liable to be first exposed to the sun outside before being taken in; also, if for any other reason the Superintendent considers exposition of articles to the sun necessary.

10. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply a memorandum or advice note duly signed showing the number or quantity tendered for acceptance; also to sign and return within a week of payment by cheque, cash order or remittance transfer receipts all connected bills forwarded by the Superintendent for the purpose. Questions in connexion with any supposed short payment may be referred to the Superintendent separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or other justifiable reasons, he may also annul it, recovering all losses sustainable by the Jail in consequence of the annulment from the security deposited by the contractors, or other moneys due to them, and in the event of any residue by legal measures if so advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

13. Further information on any points concerning this notification can be had from the Jail office.

14. When once the rates offered at an auction or by tender have been accepted, lower quotations from others to the Superintendent or to the Inspector-General of Prisons will not be accepted.
